Notes:

1. **Calling All Troop Parents:** Now is the time for you to claim your destiny. Please look at the activities on the calendar with **empty parentheses** and pick up the phone to call Naomi Barrett, our Outdoor Activity Coordinator, and volunteer as an outdoor activity leader. Your contribution will make a difference both in the lives of the boys and in the future of the Troop.
2. A **Patrol Parent** is needed to be the adult single point of contact for each Patrol. Although the responsibilities are not extensive, key among them are:
 - a. to ensure quarterly service projects are on track during the quarter for which a specific Patrol is responsible (one quarter/service project per year),
 - b. to attend the monthly District Roundtable meetings when the Patrol is assigned (about three times per year) and
 - c. to consider leading one outdoor overnight activity during the year. If enough parents contribute in that way, the work will be spread more evenly among the Troop's adult leadership.
